<b>STUDY GUIDES</b>	Our Student Study Guides are compiled specifically to match the biology curricula of BC. Both resources summarize the essential course content in an easy-to-understand manner; contain hundreds of practice questions, and full glossaries. The books have a soft, coloured cover with a glue-in binding and are 3-hole punched so they can be kept in students' binders.
<b>PICTURE FILES</b>	The Picture Files are excellent resources for <u>teachers</u> . Each CD contains all of the diagrams in the corresponding study guide. Most diagrams are available in a labelled and an unlabelled version in jpeg format for easy access. These are ideal for generating projection images or inserting into quizzes, worksheets or tests.
<b>ANSWER SETS</b>	The Biology 11 Study Guide has a separate Answer Set, another great resource for <u>teachers</u> available only on a CD in both Word and PDF formats. Each CD includes the answers to all the questions in the study guide. (The answers to questions in the Biology 12 Study Guides are in the Student Study Guide.)

To place an order, complete the following sections:

	#	Unit Cost	Total
Study Guides	Biology 11 (2011 edition)	\$13.00	
	Biology 12 (2010 edition)	< 20 @ \$15.00 ≥ 20 @ \$13.00	
CD Resources	Biology 11 Answer Set (2011)	\$13.00	
	Biology 11 Picture File (2011)	\$13.00	
	Biology 12 Picture File (2010)	\$15.00
